Re: Your letter dated October 13, 1999 with reference to Inspection Needed for Variances, Deficient Notice of Intention to Commence Small Mining Operations, Quality Building Stone, Red Chief Mine, S/015/083 (ML-48109-MP), Emery County, Utah.

Dear Mr. Gallegos,

Quality Building Stone, Inc. herein submits that information that you requested in said letter as follows:

1. Total dimensions of said Quarry excavations are not known at this time, however said excavations could possible exceed 200 ft. in width by 200 ft. in length.
2. On this project no overburden occurs at this site, and any waste material will be either hauled off and/or used as fill for sloping on site.
3. Type of mining will be open pit quarry and stone will be removed starting at the slope face. Bore holes will be drilled and blasted to permit removal of stone blocks of which will be removed from the site. Equipment to be used at site: Front End Loader, D8 Cat, Compressor and Track Drill, and Diesel Truck and Trailer.

If you have any further questions or comments please fill free to contact us. Thank you.
